## ARTICLES FOR TOWN WARRANT

### STATE OF NEW HAMPSHIRE

March 14, 1939

---

To the Inhabitants of the Town of Ashland in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Ashland on Tuesday, the 14th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see how much money the Town will vote to raise and appropriate for the Fire Department, including the services of the firemen and the expenses of the Fire Alarm System.
4. To see how much money the Town will vote to raise and appropriate for the laying out, building and repairing of Highways and Bridges for the ensuing year.
5. To see how much money the Town will vote to raise and appropriate for State Aid Construction.
6. To see how much money the Town will vote to raise and appropriate for the increase and support of the Town Library.

7. To see how much money the Town will vote to raise and appropriate for the support of the Poor.

8. To see how much money the Town will vote to raise and appropriate for the support of the Emily Balch Soldiers and Sailors Memorial Hospital.

9. To see how much money the Town will vote to raise and appropriate for District Nurse Association.

10. To see how much money the Town will vote to raise and appropriate for the observance of Memorial Day.

11. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, if necessary.

12. To see if the Town will vote to raise and appropriate the sum of \$154.00 to the Lakes Region Association of New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising calling attention to the resources and natural advantages of the Town, in cooperation with other towns in the Lakes Region.

13. To see if the Town will vote to raise and appropriate the sum of \$150.00 to maintain a Skating Rink.

14. To see if the Town will vote to raise and appropriate the sum of \$500.00 for repairs of Sidewalks.

15. To see if the Town will vote to authorize the Selectmen to sell the boiler at the Electric Light Plant, if they should deem, for the best interest for the Town.

16. To see if the Town will vote to authorize the Selectmen to appoint a Janitor for the Town Hall, instead of electing by ballot.

17. To see if the Town will authorize the Selectmen to appoint the Police Officers and Overseer of the Poor, and fix their salary.

18. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 25th day of February, in the year of our Lord nineteen hundred and thirty-nine.

L. M. GODDARD,

A. L. DAVIS, Jr.,

E. W. SANBORN,

Selectmen of Ashland.

A true copy of Warrant—Attest:

L. M. GODDARD,

A. L. DAVIS, Jr.,

E. W. SANBORN,

Selectmen of Ashland.

To the Voters and Taxpayers of Ashland:

Your Town Budget Committee has made an earnest effort to compile a reasonable Budget for the coming year and at the same time provide for the necessary town activities and expenses. The amount recommended for schools is \$20,582.00 an increase of \$582.00 from last year and the full amount of the School Board's estimate.

The amount of \$297.60 for improvement of dirt roads and \$500.00 to continue the sidewalk repairs should in our opinion be voted. It might be to the interest of the taxpayers for the town to buy and own a truck for use on our highways and pay less truck hire which is now a large item of expense. Provided a suitable driver is kept in charge of the same.

The matter of repairs and changes at the Town Hall, and the project for a gymnasium near our school buildings was rather thoroughly discussed with a committee of our citizens, and various plans and propositions were considered.

After full debate and consideration, the judgment of this committee is, it would be unwise to adopt at this time any plan that would involve a heavy outlay.

If a feasible plan can be presented that will improve present conditions at the Town Hall, and also provide for athletic activities, particularly for our school children, your committee will cooperate so far as they can do so, with justice to our taxpayers.

The attention of our Town Officials is again called to Chapter 9, Section 5, N. H. Laws, 1935, in regard to exceeding the appropriations and cooperation requested.

As the valuation of the Town will probably be about the same this year as last, each one thousand dollars raised by property taxes makes an approximate difference of seven cents in the tax rate.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the Citizens of Ashland:

This, my fifth annual report, discusses the following subjects:

- (a) Changes in teaching staff.
- (b) Our high school.
- (c) Safety education.
- (d) Visual education.
- (e) Decreasing costs—increasing enrollment.
- (f) Our school buildings.

### Changes in Teaching Staff

In the elementary building we have two new teachers: Norma Wade in Grade II and Margaret Lynch in Grade III. The office of principal, held for several years efficiently by Elizabeth Ashley, has been assumed by Velma Erickson. One new high school teacher has been appointed—Ruth Crapon, replacing Arline Hayes as teacher of French and Latin.

### Our High School

The activities program of basketball, baseball, Dance Club, Outing Club, Art Club, Glee Club, orchestra, the "Beehive", senior and school plays, though these (except the orchestra) do not carry credit toward graduation and are not usually considered equivalent to class work, do play an important part in the education of a high school pupil. Through these, he gets practical first-hand experience in social cooperation with others. This ability to cooperate with others has "bread and butter" value and the graduate who has developed it is surely further along the road to success than the one who has not. During the past year, the Activities Association has invited the graduates of the class of 1938 to continue their membership in the Association. Prompting this invitation were the following reasons:

1. At present, there is very little in the community life of Ashland that can adequately do for the graduate, socially, what the school is doing for under-graduate and can do for the graduate.

2. An endeavor to change the impression that graduation ends all connection with high school.

Each year this invitation will be extended to the graduating class and the hope is expressed that, as time goes on, more and more of our future graduates will retain their membership in the Activities Association.

The Activities Association has purchased a record player and amplifier which is used to provide music for Dance Club meetings and parties. A plan is being developed to use this apparatus for presenting programs to the student body in connection with the study of music appreciation.

A handbook of Ashland High School has been written this year which will meet a long-felt need. This handbook contains a short history of the origins of the school; a table of comparative enrollments; an outline of the approved Programs of Study with explanations; a short description of the present administration of the school; advice to pupils in school; and many miscellaneous items of information. In short, it contains in concise form all of the essential information about Ashland High School. It is planned that it will be on sale at the Annual Parents' Night Program.

### **Safety Education**

Accidents on the highways with so much automobile traffic, have called our attention to the dangers which children encounter on their way to school. Statistics have proved that home is also a dangerous place, as many accidents occur there. A program of studies for safety education has been planned for the State of New Hampshire, and recently issued in the form of a bulletin. This helps the teachers to plan lessons for the benefit of school children, and to develop habits of caution and carefulness at all times. It is a very valuable addition to our curriculum.

## Visual Education

Two recent inventions—the moving picture and the radio—are proving to be valuable in the work of education. The use of radio in the public schools is still in the experimental stage, except for work in music appreciation through listening to symphonic orchestra music. The moving picture, however, has definitely passed the stage of initial experimentation, and is rapidly being accepted by schools as a practical educational device. What we see is doubtless remembered much better than what we hear or read. Films depicting historical events, scientific discoveries, and industrial processes; pictures showing in a few minutes the season's growth of a plant, from seed to blossoms; illustrations of the customs and life of people in other parts of the world; these and many others are available at reasonable rental cost. A motion picture projector ought to be a good educational investment for Ashland.

### Decreasing Costs—Increasing Enrollment

The following table shows the total cost of Ashland's schools each year since 1935, the amount raised by taxation, and also the enrollment for those years:

Year ending	Total Expenditure	Raised by Taxation	Enroll- ment
June 30, 1936	\$24,868.71	\$24,075.00	310
June 30, 1937	23,628.05	22,996.00	318
June 30, 1938	23,278.33	20,681.00	337
June 30, 1939 (not yet available)		20,000.00	338

From the preceding figures, it seems that the cost of our schools for the last four years has steadily decreased, whereas the enrollment has increased nearly 10% during the same period. With the increase in industrial activity and employment that seems likely for the coming year in Ashland, and the probable result of further increase in school population, it appears that further retrenchment will not be advisable.

## **Our School Buildings**

The past year, a major job of school repair has been done on the exterior of the elementary building, involving the repair of mansard roof and painting window frames and all exterior woodwork.

The coming year, a similar job of outside painting should be done for the high school. The increasing size of classes in the high school also makes desirable the moving of one partition in the building, to enlarge the small upstairs classroom to a more practical size.

## **Acknowledgments**

There is a fine spirit of cooperation in Ashland, shown by school board, teachers, school nurse, and people of the community. This is much appreciated. Special thanks is due to the Ashland Woman's Club and to the ladies of the Baptist Church for their help in providing cod liver oil for school children during the past winter. The District Nursing Association has assisted also in securing glasses for some of the pupils with defective eyesight. The skating rink has continued to be a real benefit to the school.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent of Schools.
